HELD 200 SHIVERS | What Is the Gary Plan?

By ALICE BARROWS FERNANDEZ

Tribune readers will find in this department a clear and authoritative account of the Wirt school system, proposed for this city. Questions of parents and teachers will be gladly answered. The department will appear on Mondays and Thursdays.

WHAT THE WIRT PLAN DOES. It takes children off the streets and keeps them wholesomely busy at work, study and play for six or seven hours a day.

It gives all children just as much academic work as the traditional school, but by lengthening the school day it gives time for practical shop work, science drawing, music, auditorium and play for all children.

WHAT THE WIRT PLAN MEANS. To every parent-A chance to give his child the enriched educational epportunities usually reserved for the children of the favored few.

To teachers-No more hours of teaching; more congenial work. To the community-Better citizens, better schools for less cost.

Majority of Parents in P. S. 89, Brooklyn, for Gary Plan-Adverse Petition Signed Through Misunderstanding

children of this city greater physical writer, accompanied by another visitor, "I told you s-sol" hissed one of the health and strength, finer intelligence had the leisure to visit only eight of

easons, like the Hennesseys, who were easons, like the Hennesseys, who were visiting friends" of President Churchll, and therefore against it because as at home and did nothing. And now the was against it, and Mayor Mitchll was for it." Of course, such points lave nothing to do with the worth lave nothing to do with the worth lave nothing to do with the worth lave nothing to it.

I most emphatically believe that the Gary plan, although they throw much light upon the reasons for the apposition to it.

Of the remaining twenty-one mothers of the were interviewed only ten objected of any feature of the plan, and mind of the children remarkably, and made of the children remarkably, and made of the children remarkably, and made derstands that Lord Chelmsford is to be the next Viceroy of India.

the president, insisted on having the anarchist, the opposition began to die.

repetition of a stery which not only has nothing to do with the Gary plan, but which with repetition grew from the stery of the single boy to boys in general at Public School 89. There was doubtless no intent to misrepresent in the beginning, but incomplete facts given in an incomplete variety. facts given in an incomplete way, are not the best basis in the world for op posing or supporting a plan.

No Reasons Given for Opposition. No Reasons Given for Opposition.

Speaking of having facts for taking a stand on any subject, it is interesting to note that the copy of the protest by the Anti-Gary League, sent to the Board of Education yesterday and published by "The Globe" yesterday afternoon, does not contain a single reason for objecting to the plan. It is reported that the league has obtained "420 signatures, representing about 700 children in the school," and the petition states that "nearly all persons who have refused to sign were persons who through unfamiliarity with the English language, or for other reasons, did not understand the meaning of the system."

This presents a pretty little problem in mathematics. If there are 900 children in the school, as there are, and if Mrs. Ritter has replies from 594 individual parents one parent to each family, how can there be 420 signatures against the plan? Now, this school is not made up of immigrant children, but if 594 parents are for the plan, and ne Anti-Garyltes say that the reason gone too high, and that they could safely go higher.

"Crisis is a bad word," said the Conen is it more likely that the 594 were troller.

tions prevailing in P. S. 89 before the Gary plan was installed. He is one of the parents of the school who has made a most thorough study of the whole system. When he was told the reasons given by the mothers for signing the petition he said:

"It is exactly what I would expect, in my epinion whatever are successed as the proper whether they also we can reduce the budget, but, if not, we must in the budget, but, if not, we must in the budget, but, if not we must in the budget.
